

## Shop Rules Work separately

Only SNGMS members may use the shop equipment. You should bring your membership card with you and be prepared to show it to the Supervisor in charge.

Independent use of the equipment requires that you be certified on its use by a supervisor.

In order to work in the shop, the following items must be brought from home and taken back home at the end of your session:

Eye protection

Face mask

Personal hand sanitizer

Gloves

Paper towels\*

Bath size towels and/or hand towels for Cab King use.\*\* Pens/pencils/marketing pens refreshments

\*\*\*\*\* We want to avoid use of common towels by our members, so that is the reason for bringing your own towels, paper and/or cloth.

The Shop Supervisor will pull your sheet from the binders for you and put them back at the end of your session.

Bring your own pencils/pens

Bring your own sodas, water, etc. so that we can confirm that you were the only person to touch them.

Bring plenty of \$1's as we want to avoid you getting contaminated \$\$\$. Or better yet, pay with a check.

We will have sanitizing sprays to use on whichever equipment used during your session, in addition to the restroom fixtures.

The tables will be arranged with chairs to keep users 6 feet apart.

I have read and understand these rules and agree to comply, for the safety of all our shop users.
